Meet Our New Program Coordinator Aaron Pinkerton

Aaron was born in the suburbs of Chicago and grew up in Champaign, Illinois. He attended the University of Missouri in Columbia, where he majored in Sport Management and minored in Business. During his time at Mizzou, he interned with a minor league baseball team in St. Louis, as well as the Hurricane Junior Golf Tour in Florida. After graduating from Mizzou in 2016, Aaron returned close to home, to attend Illinois State University, where he graduated with his Master of Business Administration in 2018.

Aaron credits his father and uncle for his passion for golf. Growing up, he focused on playing baseball and basketball. Shortly before he started high school though, his uncle built him a driver and 3-wood in his basement, while his father bought him a new set of irons for Christmas. He has been hooked ever since.

Aaron has had many different experiences working in golf. He worked in the golf shop at two different golf courses while in school, including the University of Illinois Golf Course. Some of his favorite summer memories were working there and getting to play

Pre Round Golf Stretches

almost every day with his friends and co-workers. He also worked for the Kids Golf Foundation, a junior golf nonprofit in the Chicagoland area, after graduating in 2018.

When Aaron is not at work, he enjoys playing new golf courses as often as he can, getting closer to completing his goal of seeing a game at every MLB stadium (Go Cubs!), following Mizzou and Illini basketball and football, and visiting his friends across the country. He is excited to explore Denver and Colorado and is cautiously optimistic he will be able to learn how to ski.

First Tee Golf In Schools

This spring our golf in schools program had a full schedule. We saw five total schools (two middle schools, two elementary schools, one K-8). That is the most schools since COVID! Our staff introduced golf to more than 1000 kids this spring. Of those four schools, two

Stretching and staying loose is not only a good way to warm up before a round on the course but it also helps with injury prevention! Stretching before you play can mean the difference in your performance as well as your health, take an extra 5 minutes out of your day to try these stretches before your next round.

of those schools came to our facility on a field trip to take the skills they learned in school to the golf course! Our staff will be joining three of those schools for their respective field days! We look forward to continuing the growth of our golf in schools program next fall!
