Meet Our New Colorado Open Intern!

Campbell Bolitho grew up in San Diego, California and moved to Fort Collins, Colorado to attend Colorado State University where she majored in journalism and media communications and minored in sport management. She grew up in and around the world of sports playing softball and basketball and learning golf from her grandparents at Heritage Palms Golf Course in Palm Desert, California.

While at CSU she had the opportunity to help run the Colorado State University Sport Management Club as a marketing coordinator which worked directly with the Colorado Rockies Baseball Club. She also had the opportunity to work with the Colorado Rockies as a guest experience representative and KRFC 88.9 FM as communications intern.

Campbell graduated Cum Laude from CSU in three and a half years and immediately began working with Triple Crown Sports in Fort Collins as a marketing and media intern assisting in social media efforts and tournament planning. She officially joined the Colorado Open Golf Foundation in April as a tournament intern.

Outside of work Campbell can be found paddle boarding, skiing, hanging out with friends and playing with her dog Ryder. She also loves to travel and went to Poland and England in 2024 and plans to travel to Vietnam in 2026.

Be Part of the Honor Wall

The Honor Wall at the Patrick H. Hamill Learning Center is officially complete—and it looks amazing. We're proud to share a photo of the original vision alongside the finished product.

There's still time to be part of it.

With a \$250 donation, your family's name can be engraved on a paver brick placed in the center of the walkway—right at the heart of this special space. It's a lasting tribute that every First Tee participant and visitor will see for years to come.

The gift can be spread over three years, and it qualifies for the Colorado Child Care Tax Credit, saving you up to 35%.

To reserve your family's brick, contact Program Coordinator Charlie Hall at CHall@ColoradoOpen.com.

Participant Corner

Since joining at age 8, Declan Hubbard has grown through First Tee – GVR. Read what he shared about his journey.

“My name is Declan Hubbard and I am a First Tee participant, junior coach, and volunteer. I started First Tee when I was about 8 with some friends and enjoyed the summer camps and classes so much. All the coaches at First Tee are always very supportive and always helped me with my skill sets. From putting to chipping to driving, the First Tee team always had the best and most exciting exercises.

Ever since learning the basics of how to play golf at First Tee, I was hooked. Being 8, I thought golf wouldn't be for me—but now I'm 15 and competing in school tournaments. First Tee has given me countless opportunities—from playing in PGA Jr. League Scramble tournaments with my friends when I was younger, to volunteering for the Colorado Open, to being a First Tee junior coach and a certified caddie on the golf course.

Going a little deeper into the Colorado Open—it was a great experience being part of a big golf tournament, meeting pros from around the world, and getting a little cash in my pocket. It felt like a win-win. Caddie classes were also super fun and helpful for earning money in the summer. Being able to caddie with all your buddies is always a great time.

Overall, I've made countless friends along the way at First Tee—from people older, younger, and my age. First Tee is always a family, with strong values on and off the course. Moral of the story: First Tee is an all-around awesome experience for anyone who wants to start playing golf and enjoy doing it with all the staff and students around you.”

Donor Spotlight

Daniels Fund

The Daniels Fund is a private charitable foundation dedicated to supporting nonprofit organizations that strengthen communities and expand opportunity across Colorado, New Mexico, Utah, and Wyoming. Since 2008, the Daniels Fund has been a cornerstone supporter of First Tee – Green Valley Ranch, contributing nearly a quarter of a million dollars to help build and sustain our impact.

Their partnership began with a major gift to the First Tee Learning Center capital campaign, helping establish the operational hub for our programs. Since 2010, DF has awarded five First Tee programming grants, each one fueling our mission to teach character, life skills, and values through the game of golf.

Their impact extends even further. The Daniels Fund was instrumental in the capital campaign for the Evie Dennis campus, now home to DSST – GVR, a school that sends many participants to our program every year as well as hosting their golf team.

From funding facilities and schools to supporting our curriculum, the Daniels Fund has played a vital role in expanding access and opportunity for youth in our community.

We are proud to recognize their generosity and grateful for their ongoing belief in the power of our mission.
